ORGANIZE YOUR CLOSET

Lesson 1: Laying the Foundation

Tuesday, March 13, 2012

Lesson 1 lays the foundation for the workshop. You'll learn about the goal of an organized closet in terms of the closet itself, as well as your wardrobe. You'll do some prep work to get ready to organize your closet such as gathering the necessary tools and supplies. Plus, you'll learn about closet storage solutions and their role in creating an organized closet.

Lesson 2: Take Action + Organize Your Closet

Tuesday, March 20, 2012

Lesson 2 is all about taking action and organizing your closet! Make sure you've blocked out time on your calendar after Lesson 2 is released for a closet organizing appointment with yourself. Using the tools from this lesson, by the end of the workshop you will have completely weeded out your closet and transformed it into a fresh, beautiful and functional space.

IMPORTANT DATES!

Workshop End Date: April 3, 2012 (This is the final day of instructor participation in this workshop.)

Community Access Dates: You will continue to have access to the online lesson materials, gallery, and online forum through **March 13, 2013**—one full year of access!
